

We do more than building buildings.
We're building *solutions.*

PROFESSIONAL OFFICE – COMMERCIAL

CITRUS AVENUE PROFESSIONAL BUILDING

FORT PIERCE

Scope and Responsibilities:

The C.P.A. firm of Berger, Toombs, Elam, Gaines and Frank hired Richard K. Davis Construction Corporation for their **Design/Build** capabilities to develop their new corporate offices. New urbanism in a Mediterranean style with strong street presence on Citrus Avenue set a high aesthetic standard for the renaissance that has begun in downtown Fort Pierce. The utilization of spanish "S" roof tiles in copper flashings, roof eave frieze bands with exposed truss tails, window and door glazing set in colonial style muntins and old world textured stucco with citrus medallions are illuminated at night with antique Sternberg light fixtures and set in a beautiful natural Florida landscape.

Date of completion:
September 2007

Total square footage:
15,476 Building

Contact:

Gary Berger

Berger, Toombs, Elam, Gaines & Frank

"The level of attention that Richard K. Davis Construction applied to our project from the design character and detailing that was developed at the front end, to the workmanship that is revealed in the beautiful building we now occupy, far exceeded our expectations, and we expect a lot."
