

We do more than building buildings.
We're building *solutions.*

INSTITUTIONAL – WORSHIP

FRESH WIND FRESH FIRE CHURCH OF GOD

FORT PIERCE

Scope and Responsibilities:

God's Spirit had birthed the dream to build a place of worship within Pastor Arndrea Dampier close to ten years before it came to fruition. From rough concept it was crafted to design detail, walked through every realm of permitting, financially embraced by the congregation and finally ready to deliver into the hands of the builder. This great measure of invested love required the selection of a general contractor whose experience and passion embodied God's call to... "work as unto the Lord". Richard K Davis Construction Corporation (RKDCC) fit that exacting prerequisite and was selected to proceed with construction in late 2020.

Over and above RKDCC's typical control of quality and time through it's self performance of all concrete and masonry trades, this project proved their capacity to offer value added solutions to unforeseen complexities during the project, all "on the fly" and keeping delays at bay.

Date of Completion:

March 2, 2022

Total square footage:

5805 Sanctuary & Admin. Offices

Contact:

Arndrea Dampier

Pastor

"With expertise in building, a heart for dreams, fearlessly owning the project, and the knowledge of fiduciary budgeting, R K Davis Construction did us right!"
