

We do more than building buildings.
We're building *solutions.*

MANUFACTURING

MAVERICK BOAT GROUP

A DIVISION OF MALIBU BOATS, INC.

FORT PIERCE

Scope and Responsibilities:

Maverick Boat Group, a manufacturer of shallow water and recreational boats (Maverick, Pathfinder, Hewes, & Cobia), chose to employ Richard K. Davis Construction Corporation due to their extensive experience with Boat Manufacturing facilities primarily gained through a decade long relationship with their sister company, Pursuit Boats. This 106,627 s.f. expansion nearly doubles the size of their existing manufacturing plant which was originally constructed on this property two (2) years previously. The expansion is complete with a small wares parts room, a motor stock room, a shipping & receiving dock with dual truck wells, an interior 825 s.f. dip pool and infrastructure for a future 17,500 s.f. mezzanine.

Date of completion:

March 22, 2022

Total square footage:

106,627

Contact:

David Bryant

Maintenance Manager

"They have a great relationship with the best subcontractors in their profession. Their experience with marine manufacturer's needs expedited our latest construction project in **record time.**"
