

We do more than building buildings.
We're building *solutions.*

MANUFACTURING

PURSUIT BOATS

A DIVISION OF MALIBU BOATS, INC.
FORT PIERCE

Scope and Responsibilities:

Pursuit Boats, a manufacturer of luxury sport fishing and cruising boats, has completed the first phase of the largest plant expansion ever undertaken by a boat manufacturer on the Treasure Coast. Pursuit once again sought the experience and management skill of Richard K. Davis Construction Corporation (RKDCC) to assist with both the design and construction of the nearly 182,000 s.f. state-of-the-art facility, doubling the existing plant's size. This plant expansion allows Pursuit to launch the largest boat model ever in their 14-model brand and increases their employment base to over 500 employees. The nearly 18 million dollar expansion houses one of the largest Mill Shops in the area, an Upholstery Shop, Electrical Harness Shop, Stock Room, Administrative Offices, and large Lamination and Assembly components. The additional 80 acre site was designed and developed to allow for another 387,000 s.f. of future building expansions.

Date of completion:
June 3, 2020

Total square footage:
181,800 Building
381,600 (cumulative all phases to date)
