

We do more than building buildings.  
We're building *solutions.*

INDUSTRIAL

## THE NEWS TRIBUNE

FORT PIERCE

### Scope and Responsibilities:

The development of the newly relocated News Tribune to Edwards Road from downtown Fort Pierce in 1984 signaled Richard K. Davis Construction Company's coming of age in **Design/Build Construction**. In coordination with the design partners, **Butler® Manufacturing's** structural systems and MR-24 standing seam roof were meshed with stuccoed masonry accented by a fiberglass fascia to house the entire newspaper enterprise; from the administrative and reporters offices to the massive printing, assembly and distribution wing.

**Date of completion:**  
September 1984

**Total square footage:**  
32,657 Building

**Contact:**  
Dwight Debolt

**Design Partners:**  
**Stebbins-Scott, Architects**  
Architect  
**CFS and Associates, Inc.**  
Civil Engineer
