

We do more than building buildings.
We're building *solutions.*

AGRICULTURAL – BUSINESS

GRACEWOOD FRUIT COMPANY LLC

VERO BEACH

Scope and Responsibilities:

When this long-established citrus packing and trucking company needed new quarters for its growing gift fruit business, they chose the **Design/Build Service** of Richard K. Davis Construction Corporation. The resulting facility houses a full-service call center as well as the packing operation for Gracewood's gift fruit division. The project schedule was accelerated and completed in two phases. The first phase allowed Gracewood to pack the season's fruit. The second phase, the administrative office, was completed at the end of their busy packing season.

Date of completion:
February 2000

Total square footage:
77,433 Building
